TITLE:

CAN WE [redacted] TRUST [redacted] YOUR FELLOW "DIGITAL CITIZENS"?

DESCRIPTION:

what are one's civic responsibilities in a decentralized community? certain "citizen" duties like voting and jury duty require trust and a clear mutual awareness of boundaries & group belonging. Can group value-based, collective decision-making be possible when governing decentralized communities? what are the design parameters for civic relationships / trusting each other in a low-trust world?

(Family Gondwe)

The bonds of u
so natural - th are

(Family Gondwe)

the bonds of us are
so natural, they seem
to be the very first
of all sciences
